

# Joint workshop of IRDR Loss Data and EU Loss Data experts

**Venue:** Joint Research Centre of the European Commission,  
Institute for the Protection and Security of the Citizen  
Global Security and Crisis Management Unit  
Ispra, Italy

**Dates:** 19-21 May 2014

## **IRDR DATA Working Group – Third Expert Meeting**

The third IRDR DATA Working Group meeting will discuss the implementation of the Peril Classification based on the newly released “Peril Classification and Hazard Glossary” IRDR document. The workshop will focus also on Assessing Human impacts in disasters and in analyzing methodologies to addressing Losses based on physical damage to assets. The final part of the workshop will be open to the technical experts from the European Union countries also working to establish Disaster Loss Database at the European level.

## **EU Loss Data – Second Technical Workshop**

The Outcome of IRDR DATA Project Meeting will provide an opportunity to influence the development of European loss standard to be compatible with international one. The purpose of the EU Loss Data workshop is to agree on common methodology of recording losses, identify the minimum common fields with proposed definition essential for loss reporting at EU level and start discussions regarding expected reporting needs.

<b>IRDR DATA Working Group Third Expert Meeting</b> (dedicated to IRDR Loss Data experts)	<b>Disaster Loss Data in the EU Second Technical workshop</b> (EU Loss Data and IRDR Loss Data experts)
<b>19 May 2014, Monday</b>	
08:30 Taxi at the hotel 09:00 Welcome 09:30 Review of issues from second Expert meeting <i>(Teams - Web, Human impact indicator document)</i> 10:00 Implementation of Peril Classification: Lessons Learnt CRED, Munich-RE, Swiss-RE, UNISDR, and University of Columbia (presentations) 12:00 Summary of Peril Classification discussion 12:30 Lunch 14:00 Assessing human impacts 17:15 Adjourn 17:30 Taxi at the hotel 19:00 Social Dinner	
<b>20 May 2014, Tuesday</b>	
08:30 Taxi from the hotel 09:00 Loss assessment methodologies (asset damage) 12.30 Lunch	
<i>(combined IRDR Loss Data and EU Loss Data session)</i>	
13:30 Arrival at JRC of EU Loss Data experts 14:00 Welcome of EU loss data experts and quick introduction of participants 14:30 Review of issues from IRDR DATA meeting 16:00 Discussions on compatibility between IRDR Loss Data and EU Loss Data <i>Peril classification, Human Loss data fields, Asset damage/Loss assessment methodologies</i> 17:00 Adjourn 17.30 Taxi at the hotel/airport	
<b>21 May 2014, Wednesday</b> <i>(IRDR DATA Working Group members are invited to participate)</i>	
	9:30 Lessons learnt of working with given MS loss data <i>(similarities in methodology)</i> 11:00 Opportunity for newly-joined MS to present their loss data recording system 12:30 Lunch 13:30 Process to EU guidelines for Loss Data <i>Methodology and minimum common fields</i> 15:30 Setting the roadmap 16:00 Conclusions 17:00 Adjourn
